JOSIAH TURNER, Jr., EDITOR.

A THRILLING INCIDENT.

The New York Commercial *Advertiser* says: "One of our oldest merchants, who formerly carried on business in Beaver street, residing, as it was the custom in old times, over his store, tells the following thrilling narrative, which he occasionally relates with wonderful effect:

"A party had been collected at his house to give *eclat* to one of those little family festivals which brighten the dark trace of life, and cheer the human heart in every clime. It was his daughter's wedding day; crowds of her young acquaintances circled around her, and as the father gazed proudly on the face of the young bride, he wished as bright a prospect might open for his other children who were gamboling merrily among a crowd. Passing through the passage connecting the lower rooms he met the servant maid, an ignorant country wench, who was carrying a lighted tallow candle in her hand without a candlestick. He blamed her for this dirty conduct, and went into the kitchen to make some arrangements with his wife about the supper table; the girl shortly returned with her arms full of ale bottles, but without the candle. The merchant immediately recollected that several barrels of gunpowder had been placed in his cellar during the day, and that his foreman had opened one of the barrels to select a sample for a customer. 'Where is your candle?' he inquired, in the utmost agitation. 'I couldn't bring it up with me, for my hands were full, said the girl. 'Where did you leave it?' Well, I'd no candlestick, so I stuck it into some black sand that's there in one of the tubs.' The merchant dashed down the cellar step; the passage was long and dark, and, as he groped his way on, his knees threatened to give way under him; his breath was choked, and his flesh seemed suddenly to become dry and parched, as if he already felt the suffocating blast of death. At the extremity of the passage, in the front cellar, under the very room where his children and friends were revelling in felicity, he discerned the open powder barrel, full almost to the top, the candle stuck lightly in the loose grains, with a long red snuff of burnt-out wick topping the small and gloomy flame. This sight seemed to wither all his powers, and the merry laugh of the youngsters above struck upon his heart like the knell of death. He stood for some moments gazing upon the light unable to advance. The fiddler commenced a lively jig, and the feet of dancers responded with increased vivacity; the floor shook with their exertions, and the loose bottles in the cellar jingled with the motion. He fancied the candle was moved—was falling! With desperate energy he dashed forward; but how was he to remove it? The slightest touch would cause the small live coal of wick to fall into the loose powder. With unequalled presence of mind he placed a hand each side of the candle, with the open palms upward, and the distended fingers pointed toward the object of his care, which, as his hands gradually met, was secured in the clasping or locking of his fingers, and safely removed it from the head of the barrel. When he reached the head of the stairs the excitement was over; he smiled at the danger he had conquered; but the reaction was too powerful and he fell into fits of most violent and dreadful laughter. He was conveyed senseless to bed, and many weeks elapsed ere his nerves recovered sufficient tone to allow him to resume habits of every-day life."

RELIGION IN THE FAMILY.

The first place in which piety is to shed its benign and sanctifying influence, is *the family*. All the relative duties of life are but as concentric circles, ranged around a common centre; and as the family is the nearest, and the first in order, its influence there is to be pre-eminent. A family where religion reigns supremely, is a charming spectacle to angels and men; and shines as a brilliant light in the world. There, mutual affection and forbearance, one toward another, habitually prevail. Within its peaceful habitation parental authority, blended with kindness and gentleness, is always maintained. Wisdom and prudence in training the youthful members for the duties of life, are continually displayed. Around that altar kneels each day, a group of devout worshippers; and sweeter than the fragrant breath of the morning, rises the incense of prayer and praise to Israel's gentle Shepherd. The heads of that family feel that every act of theirs is charged with influence; and that their spirit, temper, and deportment, are all moulding human character for time and eternity; and therefore their deep solicitude and watchfulness are unceasingly exercised, that they may bring up those committed to their charge in the nurture and admonition of the Lord. On such home culture the smile of high heaven rests. And to show his approbation of it, God declared concerning Abraham, "I know him, that he will command his children, and his household after him, and they shall keep the way of the Lord, to do justice and judgment." Such influence is like the aromatic perfume of the violet, insinuating itself into the deep recesses of the infantile mind and heart, where no other could penetrate. And to the present day, the inspired aphorism is true, "Train up a child in the way he should go, and when he is old, he will not depart from it."—*Rev. John Berg.*

A LAKE OF SALT.—The great Humboldt salt mine near Austin, Nevada, is described by a California paper as looking like a lake frozen over. The salt is as hard and smooth as ice. Were it not for fine particles which are condensed from vapors arising from beneath, and which cover the crystalline salt to the depth of perhaps one-eighth of an inch, it would make an excellent skating ring at all times of the year, except on the very unfrequent occasions when it is covered with water. The expanse of crystallized salt is no less than twenty miles in length, and twelve in width, without a break or flaw for the greater portion of that extent. The stratum of solid salt is about six or seven inches thick, under which comes a layer of sticky, singular-looking mud, about two feet thick, and under this another stratum of solid salt, as transparent as glass, on which the depth has been found in some parts to be six feet. In summer, this salt plain, glittering and scintillating in the light of an almost tropical sun, presents a brilliant appearance. The frosty covering and solid salt is as white as the crystalline portion, when exposed, reflects dazzling prismatic colors. This immense deposit is remarkably pure, being ninty-five per cent. of salt, and five per cent. of soda—which is purer than what we commonly use for our tables.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 9th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, APRIL 6, 1870.

NO AUTHORITY BUT RUMOR.

The Governor's organ, edited by his son, says, "The *Floridian* attacks Mr. Littlefield. We have no reason specially to defend Mr. L. Events have proven that he is able to take care of himself. But we would enquire, does Mr. Swepson hold a mortgage on the *Floridian* office, as it is said he does on the SENTINEL establishment?"

This article from the *Standard*, is a sneaking defense of its unprincipled proprietor, M. S. Littlefield, and a calumnious attack upon the SENTINEL.

We have stated, more than once, that we had no money with which to purchase the SENTINEL. We didn't make money enough, as President of the North Carolina Rail road, to buy newspaper establishments.—The SENTINEL establishment was purchased by Josiah Turner, Son., and there is not, and never has been, any mortgage or lien upon it. Swepson has not, and has never had, any right, title or mortgage on it, nor any interest in it. Not more than a week ago, Mr. Pell, the former proprietor, publicly testified to the truth of this statement.

Now, let the organ inform the public, who is its master! Does the Governor carry it in his pocket, or has he deposited in the bank, or invested in bonds, $20,000 of Littlefield's ill gotten gains, said to have been paid for the *Standard* establishment?

Speak out, Governor, your organ repeats the rumor of Swepson's owning the SENTINEL, let us tell you, there is a rumor about you and Swepson, the truth of which the people would like to know. That rumor is, that you hold, or did hold, some of the N. C. R. R. first mortgage bonds which Swepson bought of your State Treasurer at 65 cents in the dollar, *under your advice*, when the same bonds were worth par, and did actually sell for 85 the day after the acceptance of Swepson's proposal at 65.

Have you got any of those bonds, Governor?

There is, also, another rumor about you, Governor, which is this; that you sent for and had a three hours interview with Swepson, just before he left Raleigh to avoid appearing before the investigating committee. And that after this interview, Major Smith, your railroad President, bosom friend and associate proprietor of the *Standard*, advised and urged Swepson to leave Raleigh, and had a special train brought down to take him off.

Tell us, Governor, are these things true? They have some better authority for their foundation than rumor.

Swepson's owning the SETINEL is a matter of not so much public concern, as is whether Major Smith furnished him an extra train by which he was enabled to elude the vigilance and justice of the law.

Speak out, Governor, the people would like to hear from you, through your organ, on these points. When we charged you with writing editorials for the *Standard*, it was denied, *semi-officially*, twice. Now deny these rumors and charges, if you can; or try to explain them, if possible, and in the meantime remember, we promise to make a part of them good, when properly required to do so, by evidence not to be disputed.

OMITTED INCIDENTS.

The Legislative proceedings, during the session, crowded out many incidents and facts which we collected, in our trip to Surry county, two months ago. A good Republican wrote us, the last week of the session, that the people "ought to rise up and drive the rogues out of the Capital."—We did not publish the letter, because we thought it best to allow the "hands" to depart in good humor with themselves and the SENTINEL.

Our forbearance, however, availed us nothing, so far as some of them were concerned, for the Lieutenant Governor still curses us with oaths blacker than those used by the Governor to the Chief Justice, which so shocked and surprised the Governor's private Secretary, Mr. Richardson.

Senator Moore, also, (not the Moore that fell down at us,) but he of Yancey, has a card in the *Standard*, calling us hard names, because we called him a deserter. We offered to refer the question of his deserting to His Excellency's son-in-law, the Attorney General, but he refused. He says himself, however, in his card, that he fought several months on the Confederate side, (as a volunteer) and then went over to the Federal side, and fought there, and if that isn't deserting, then we will agree that the Governor's son-in-law, Louis, is fit for Attorney General.

But, to our Surry trip reminiscences:

In Forsythe, three marriages between whites and blacks were reported to us—Wesley Harrison, black, was married to Puss Williams, white, by a chaplain of the army, in 1865, in the town, (now city) of Greensboro. At the Spring term, 1869, of Forsythe Court, both were indicted for fornication and adultery, and convicted—They are now indicted again for the same offense.

Eli Banner, black, married Emily Brindle, white. Emily was soon left a widow, Eli being killed by a stroke of lightning.

The third couple, were, Wallace Ware, black, and Peggy Newsom, white. Wallace died a natural death soon after the marriage and Peggy is now a young widow.

Mr. Joyce is Solicitor for that Judicial district, and it was reported to us by those who knew him, that he was rather ashamed of having to co-operate in party affiliation with Holden, and thinks the party cannot prosper as long as the Governor leads it.

Joyce made a speech at Kernersville, on one occasion, and being a man of more chivalrous temperament than any Holdenite in the State, except, perhaps, Littlefield, Settle and Henderson, he took occasion to allude, in a complimentary manner, to the ladies. He was glad, he said, to see so many ladies out. "It is said that the ladies will not attend Republican meetings, but the elegance and refinement, the grace and beauty before me," said the speaker, "disproves the slander."

This gallant compliment brought Puss Harsten, *ne* Williams to her feet in response. "Yes, it is slander," said she, "*I* am here, and there's a plenty of other ladies here.—I married a Republican, and I aint a bit ashamed of it. Yes, I married a *nigger*, and there's p'enty of white ladies here who would be glad to git my husband." Joyce collapsed, and it is said he never, in any of his subsequent speeches, complimented Republican ladies.

It is said there are only eleven native Republican ladies in the State. Of course we do not mean, by *ladies*, such as Puss Williams, Emily Brindle and Peggy Newsom, but intelligent, educated women. If we had a Puss Williams in each county, we think the eleven would be driven from their platform.

We were pleased to find, in the old colored Cemetery of Salem, three marble slabs over as many graves of former slaves of the late Frank Fries, Esq. Pilgrim Ashley, Gov. Holden's imported overseer of schools, would hardly believe that a "*slave driver*" would show so much Christian regard and feeling for his departed slaves.

On one of the slabs was this inscription,

"BETTIE,
Died, July 2nd, 1866.
Ever faithful; ever true."

On another was,

"ALVIS,
Died April 22nd, 1866,
An honest man, the noblest work of God."

How this evidence of regard for his slaves, brings out by contrast, the blackness of Gov. Holden's theory with his slaves, as published in the *Standard*, namely, "feed well, clothe well and *whip* well!"

We drop the sketch of narration to be taken up again, as time and opportunity may serve.

COUNTY CONVENTION.

We mentioned, several days since, that propositions were made for a county Convention to be held in Raleigh, on Tuesday of the approaching Superior Court, and invited suggestions on the subject. Since then we have conversed with a number of gentlemen from various parts of the county, and the general opinion is, that the time alluded to is too early; that a more appropriate time would be some time in May; and that there be preliminary meetings first held in the various districts or townships, and delegates from each be appointed to the county Convention, so that a full and fair expression of opinion may be had.

We are inclined to think this the better course. Some more time is necessary for a more thorough interchange of views and opinions in regard to the plans and the men for the coming campaign. It is a time when self should be ignored for the sake of the State, when personal interests must give way to the prosperity of the whole people.

A full and fair expression of the voice of the people can alone insure us success.

DISTRICT MEETING IN ORANGE.

A meeting of a portion of the citizens of Orange County, was held at the school house, in Bush Carr District, on Thursday the 31st of March, 1870. The meeting was organized by calling Merritt Cheek to the chair and appointing H. C. Andrews Secretary. The object of the meeting was explained by the Chairman, and on motion, the Chairman appointed Manley C. Lloyd, J. R. Whitaker, James Fripps and H. C. Andrews, to draft resolutions for the consideration of the meeting. In a short time the Committee reported the following resolutions, which were read and unanimously adopted:

Resolved. That we think it highly expedient to have a general meeting of the citizens of the county, at Hillsborough, on Tuesday of May court.

Resolved. That we would suggest the propriety of sending to Congress a respectful remonstrance against the suspension of the writ of *Habeas Corpus*, until a Committee of that body, empowered to send for persons and papers, shall have fully investigated the matter, and shall have reported in favor of such suspension and the reasons therefor. And we recommend that a township meeting be held at Chapel Hill, on Thursday the 21st day of April next, for the purpose of appointing delegates to a county convention, to be held at Hillsborough on Tuesday of May court, for the purpose of nominating suitable candidates to represent us in our next legislature, and also other county officers. And we further recommend each school district within the Chapel Hill township, to send delegates to the township meeting, and that the Chairman appoint four delegates to represent this district in the township meeting. The following were appointed to attend said meeting. Manly C. Lloyd, Manly D. Strout, James J. Hogan and John W. Gattis.

Resolved. That the Hillsborough *Recorder* and the Raleigh SENTINEL be requested to publish these proceedings.

On motion the meeting adjourned.

MERRITT CHEEK, Ch'm.
H. C. ANDREWS, Sec'y.

THE ROBESON COUNTY PRISONERS.—GEO. APPLEWHITE AND STEPHEN LOWRY CONVICTED OF MURDER.—The trial of the Robeson county prisoners, Geo. Applewhite and Stephen Lowry, for the murder of ex-Sheriff King, at the Superior Court of Columbus, held at Whiteville last week, was terminated Friday night by the conviction of the prisoners, the jury rendering a verdict of "guilty." The prisoners were remanded to the jail at Whiteville. The State's witness John Dial, is also retained in the jail of Columbus county. The other two parties in the same case, Calvin and Henderson Oxendine, have had their trial continued on it the next term of the Superior Court for Columbus county. They will be sent back, we learn, for confinement in the jail of this county.

We copy the following letter of Dr. F. N. Strudwick, from the Hillsboro' *Recorder*, in regard to some allusions to Orange county, made by Gen. Clingman in his lately published pronunciamento for crippling the opposition to Radicalism in this State. The letter speaks for itself:

RALEIGH, March 26, 1870.

Messrs. Evans':—I suppose you have seen Gen. Clingman's address, and if so, you have observed that poor old Orange has come in for a share of the rebuke, so kindly meant and so modestly administered to the whole of North Carolina. I deem it my duty as one of the Representatives of Orange county, to notice that portion of the General's address. This paper *purports* to be the candid utterances of a Democrat, whose patriotic heart is filled nearly to bursting, with anxiety for the public good. Now let us see what it *is*! It's author was once a Whig and became a Democrat and still claims to be a Democrat. But as to this there is some doubt expressed by well informed persons. His political status could be easily arrived at were we to be guided by the rules as in other cases. His associations here and his position as confidential legal advisor of Littlefield and Director of Littlefield's Rail Road, would certainly justify us in assigning to him a place high in the Radical party, and equally high in the confidence of the present Radical administration. Another pertinent reason for thus placing him in the Radical Party, is the fact that his address is issued from the Standard Office and is now being circulated by the thousand by Radicals, as a campaign document for next summer. Would a true Democrat have the Standard to publish an address and Radicals circulate it through the State, or could the utterances of a genuine Democrat be so grateful to the Radical heart as to cause them to circulate it? I leave the answer of this question to whom it may concern. This address was the work of months of labor and deliberation. The Radical public was in a state of feverish expectation for several days before it was issued. From the known talent of its author great things were expected. Nothing could be talked of but "*Clingman's address*" and at last it made its appearance. You have heard, Mr. Editor, of the great and frightful effort at the Mountain at parturition, *ecrbum - Sapienti*." The leaders of the Radical Party were sorely disappointed and but charitably concluded that the mouse thus ostentatiously presented to the world owed its feeble form and diminutive size to the age and infirmity of its parent mountain. The general impression here is that this address was gotten up for the purpose of creating dissensions in the conservative rank and thereby enabling the Radicals to carry the state next August and it is further said that its author doubting the chance of futher profit and disgusted with the distinction resulting from his connection with Littlefield, is an aspirant for Congressional honors. About this however I *know* nothing. You will find Mr. Editor on the fourth page of the address the rebuke to Orange which has elicited this notice. I quote: "For example the N. C. R. R. had been carried much out of its course and at great expense in order that it might pass by Hillsboro the county seat of Orange. Not satisfied with this the MEMBERS from that county had gotten an appropriation for an additional road to the University. But the decision of the court was against the validity of these appropriations. Thereupon it was resolved (by whom? The members from Orange of course) that if the county of Orange was to be limited only to one road through its centre the people of the West should not have any road at all though they had cheerfully paid their taxes for more than twelve years for the construction of Roads in the central and eastern portion of the State." You will observe Mr. Editor that it is gravely and deliberately asserted here that the Members from Orange asked for and secured at the hands of the General Assembly an appropriation for the purpose of constructing the University Road, and that when the Supreme Court decided against the Constitutionality of the appropriation—they the Members from Orange determined that the West should have no road. If any evidence as to the size, strength and *morale* of the above alluded to Mouse were lacking it would be supplied here. The *facts* are that one of the three Members from Orange did ask and vote for such an appropriation. The other two members voted against the Bill making the appropriation. Does this simple statement of facts, which can be verified by reference to the journals of the General Assembly, sustain or contradict the charge in the address? Again, the members from Orange are charged with conduct calculated to bring them into contempt, viz: that because by the action of the Supreme Court they lost their University road they determined to deprive the West of their road. This Mr. Editor is a grave charge and if sustained by facts would attach to the members from Orange the well merited rebuke of all good men. But is such the case? It is a well known fact that the people of Orange never desired the construction of the University road; that they were bitterly opposed to it, that two of three of her members voted against the bill and that the member who voted for it failed in that instance to reflect the wishes of his constituents. The statements contained here can be sustained by any amount of proof. Excuse me, Mr. Editor for taking up even this much of your space, but I felt that to submit to so grave a charge in silence might be taken as quasi admission of its truth. This is about the only matter of interest to the people of Orange or to any one else in the address. Never was there a more entire and complete failure. Friends and opponents alike thought that it would at least create a sensation but alas, it has fallen still born. In the language of a member of the General Assembly who has immortalized himself—he failed to "*dose into the obstruse of the*" matter.

Very truly and respectfully, yours,
F. N. STRUDWICK.

IN MEMORIAM.

DIED, near Sunsbury, Gates County, in this State, on Tuesday, February 22nd, 1870, HOLMES, infant son of N. J., and Sallie C. Riddick, aged four days.

Also, at the same place, on Monday morning, February 28th, 1870, MRS SALLIE C. RIDDICK, consort of Nathaniel J. Riddick, Clerk of the United States Circuit Court, aged twenty-five years and nine days.

The circumstances attending the death of this estimable lady are peculiarly melancholy. In April last she was a happy bride; on the 18th February, her birth-day she became a mother, full of joy and hope, in her first born son; on the 22nd of the same month, as recorded above, her joy was turned into mourning and her hope into despair; and six days later, her devoted husband was called upon to suffer a double bereavement in the loss of the mother and son.

It is a consolation to believe that MRS. RIDDICK was a sincere Christian, not merely in form and name, but in life and manner; and has she was beloved by all who knew her. When she knew her little son was dead, although her condition was such as to create no apprehension in the minds of her friends she said she should not long survive him and that she soon would be with him under the snow. Her presentiment was soon verified. Her gentle spirit passed away calmly, in perfect resignation to the will of her Maker.

Besides a devoted husband she leaves parents, brothers and sisters, to mourn their irreparable loss.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work.

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity; making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at MRS. TOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

CARD.

SOUTHERN LIFE INSURANCE CO.
TO THE PEOPLE OF NORTH CAROLINA.

AT the request of General Jno B. Gordon, President Atlanta Department, I have come to your State to bring prominently before you the claims and merits of the Southern Life Insurance Company. It is under the control of as honorable and as responsible men as there are in the land. It is managed in the most prudent and economical manner and will deal justly and fairly with all.

We have no war to make upon other Insurance Companies, but we *do wish* to impress upon the people the importance of *keeping their money at home*. By careful calculation it is estimated that a sum of not less than *three millions* (annually) is sent from the South to the North for Life Insurance and unless checked will surely prove suicidal to our interests. We ask you to consider how greatly the material interest of this section would be benefitted by the retention of these enormous sums in our midst.

We send no money away to enrich foreign capitalists but every dollar of premium (less expenses) IS INVESTED IN THE STATE FROM WHICH IT IS DERIVED.

This department of the Company has operated both in Georgia and South Carolina, and has done an unprecedentedly large business. Some of the most prominent gentlemen in these States are identified with its interest. Its board of Directors embrace the names of the ablest financiers, and most successful business men in the South. They are the Trustees of the sacred fund of the widow and orphan. Will you not trust your friends and neighbors; or is it more secure in the hands of strangers? We appeal to you to assist us in pushing forward this deservedly popular and reliable Southern corporation. Its solvency is unsurpassed by any Company doing business in the United States, its ratio of assets to liabilities *the only true test of a Company's strength*, fully sustaining this statement—We would respectfully call attention to the Board of Directors and Stockholders, published in another column, and to our Board of Reference in this State and others.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

R. Leberman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the produce much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer."

J. J. Horton of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

THE SENTINEL.

CITY AND STATE ITEMS.

WEDNESDAY, APRIL 6, 1870.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

NEW ADS.—A Creech makes his usual salaam to his customers announcing the arrival of his new Spring and Summer stock, which fact is deserving the notice of a separate and longer paragraph, which we shall devote to it hereafter. In the mean time call and see the new stock.

G. T. Stronach offers tobacco, also a fine mule for sale.

See notice of change of schedule of mail and accommodation trains on R. & G. Railroad.

SPEAKING AT MORRISVILLE.—The editor of the SENTINEL, by invitation, will address the people of Wake, at Morrisville, on Saturday, the 16 h inst.

A NUISANCE.—Raleigh can certainly beat any place of its size in creation for fice dogs. In some neighborhoods the shortest way th arrive at the census of these pestiferous beasts, would be to count the residences and multiply the number by 3. We need the kindly offices of a company of Chinese emigrants here, for their sakes, just about now, or an active exercise of our city Commissioners' most noted proclivity, namely, heavy taxation. Give us either an importation of Chinese or a heavy tax on dogs.

LOTTERY.—Signor Rubini, who we noticed yesterday as having been arrested in Wilmington for the breach of a city ordinance, in conducting a lottery, had his trial before Judge Cantwell, and was found guilty. Judgment, however, was suspended in his case, as he was, it seems, looked upon in the light of an innocent offender.

THE NEW STEAM FIRE ENGINE.—The Rescue Company brought up their new Steam Fire Engine from the depot, yesterday afternoon and fired her up, and she met the expectations of her engineer and builder, who were both present. On Thursday she will be taken to the Capitol Square by the entire Company, for the purpose of testing her capacity.

This new engine is an elegant piece of machinery and reflects great credit on the Gould Machine Company, of New Ark, the builders.

A REMARKABLE SPECTACLE.—We understand the members of Oak City Council, Friends of Temperance, contemplate an excursion on the 23d of May, to Magnolia, in Duplin county, on an invitation of the Council at that place.

At the meeting of Oak City Council on Monday night, a committee, consisting of Messrs. Wm. S. Edwards, Cellidon Hutchings and Richard Fowler was appointed to ascertain the costs &c., on the Railroads, and report to the Council at the next regular meeting.

Should this project be put in execution, it will present a remarkable spectacle, for these times, namely, a crowd on a pleasure excursion without any liquor along. We hope it will succeed, and that it may have a wholesome moral influence along the rout, especially at the point where they "charge cars."

JUVENILE BEGGARS.—Our city is getting an overcrop of juvenile beggars, mostly girls, who are seen on the streets at all times of the day, and at all sorts of places, some of them very improper places for such children to visit and hang around. The future of such children, if not provided for, is no problem.

Now either these children have parents or they have not, and it makes very little difference either way. If they have parents that cannot support them at home, or find employment that will keep them from the streets, or if they have no parents, in either case, it becomes the duty of the public authorities to take them in hand and bind them to homes and employment, and thus forestall a future public nuisance, as well as remove a present one.

NOTICE.—The parade of Steam Fire Engine Company No. 1 is postponed until further notice, by order of the Foreman.

J. C. GORMAN, Sec'y.

Do You Want Health? And Who Does Not?

If so, be advised, USE DR. TUITT'S SARSAPARILLA and QUEEN'S DELIGHT, the great alterative and blood purifier. There is no mystery about the universal success that attends its use. It is the finest selection of tonic, anti bilious, anti-scorbutic, aperient and purifying HERBS, ROOTS and BARKS that ever entered into any medicinal compound.

Caution.—Audacious Counterfeit!

The reputation which, for many years, has attached to "Hostetter's Stomach Bitters," as the STANDARD TONIC OF THE AGE, and the large demand for the article, not only in the United States but elsewhere, have provoked the cupidity of the COUNTERFEITING TRIBE, and it has been extensively SIMULATED and IMITATED by unscrupulous sharpers.

The most daring counterfeit of said article, which has been attempted, has recently come to our knowledge. The engraved steel label on bottles containing the genuine bitters, with its beautiful vignette of St. George and the dragon, its shield containing a warning against counterfeiters, and its note of hand for "one cent" at the foot, signed with our firm name, has been copied so closely, that the fraud can only be detected on a minute inspection. The dark label is also well executed, and the wording on both the imitation and genuine, are precisely the same, the difference being simply in the execution of the work; that of the imitation being somewhat coarser than the genuine. Other counterfeits are on the market, which are in all particulars the same as described above, with the exception of a slight difference in the spelling of our name.

In addition to the above, these counterfeiters have gone so far in some instances as to place a strip of paper over the cork and fasten to the neck of the bottle, on which is a vignette and otherwise printed to resemble the general appearance of our proprietary U. S. Revenue stamp, but upon inspection will disclose the absence of the figure "4" and the words "four cents," also "United States Internal Revenue," all of which, together with additional words, appear on our genuine stamp. The public are therefore, especially warned against these new counterfeits, and are advised to purchase Hostetter's Stomach Bitters only of houses whose integrity is above suspicion. The true article is sold in bottles exclusively—never in bulk.—HOSTETTER & SMITH.

Sick Transit.—The transition from gray to unnatural black or brown, effected by the hair dyes and kindred preparations, is indeed a sickening Transit. FRALON'S VITALIA, on the other hand, restores the natural hue to a shade, and is pleasant and safe, instead of sickening and pernicious Sold by all druggists and fancy goods dealers.

THE XVTH AMENDMENT—ITS RATIFICATION ANNOUNCED—MESSAGE OF THE PRESIDENT—PROCLAMATION OF SECRETARY FISH

On the 20th ult, the following documents were sent in to Congress:

To the Senate and House of Representatives:

It is unusual to notify the two Houses of Congress by message of the promulgation by proclamation of the Secretary of State of the ratification of a Constitutional Amendment. In view, however, of the vast importance of the Fifteenth Amendment of the Constitution, this day declared a part of that revered instrument, I deem a departure from the usual custom justifiable A measure which makes at once four millions of people voters who were heretofore declared by the highest tribunal in the land not citizens of the United States, nor eligible to become so (with the assertion that "at the time of the Declaration of Independence the opinion was fixed and universal in the civilized portion of the white race, regarded as an axiom in morals as well as in politics, that black men had no rights which white men were bound to respect,") is indeed a measure of grander importance than any o her one act of the kind from the foundation of our free Government to the present time.

Institutions like ours, in which all power is derived directly from the people, must depend mainly upon their intelligence, patriotism and industry. I call the attention, therefore, of the newly enfranchised race to the importance of their striving, in every honorable manner, to make themselves worthy of their new privilege. To the race more favored heretofore by our laws I would say, withhold no legal privilege of advancement to the new citizen.—The framers of our Constitution firmly believed that a republican form of government could not endure without intelligence and education generally diffused among the people. The "Father of his Country," in his farewell Address, uses this language:

"Promote then, as a matter of primary importance, institutions for the general diffusion of knowledge. In proportion as the structure of government gives force to public opinion, it is essential that public opinion should be enlightened."

In the first annual message to Congress the same views were forcibly presented and are again urged in his eighth message

I repeat that the adoption of the Fifteenth amendment to the Constitution completes the greatest civil change and constitutes the most important event that has occurred since the nation came into life.—The change will be beneficial in proportion to the heed that is given to the urgent recommendations of Washington. If these recommendations were important then, with a population of but a few millions, how much more important now, with a population of forty millions, and increasing in a rapid ratio!

I would therefore call upon Congress to take all the means within their constitutional powers to promote and encourage popular education throughout the country, and upon the people everywhere to see to it that all who possess and exercise political rights shall have the opportunity to acquire the knowledge which will make their share in the Government a blessing, and not a danger. By such means only can the benefits contemplated by this amendment to the Constitution be secured.

U. S. GRANT.

Executive Mansion, March 30, 1870.

PROCLAMATION—HAMILTON FISH SECRETARY OF STATE OF THE UNITED STATES.

To all Whom These Presents May Come, Greeting: Know ye that the Congress of the United States on or about the 27th day of February, in the year 1869, passed a resolution in the words, to wit:

"A RESOLUTION proposing an amendment to the Constitution of the United States:

"Article 15, section 1. The right of citizens of the United States to vote shall not be denied or abridged by the United States, or by any State, on account of race, color or previous condition of servitude.

"Section 2. Congress shall have power to enforce this article by appropriate legislation."

And further, that it appears from official documents on file in this Department that the amendment to the Constitution of the United States proposed as aforesaid has been ratified by the Legislatures of the States of North Carolina, West Virginia, Massachusetts, Wisconsin, Maine, Louisiana, Michigan, South Carolina, Pennsylvania, Arkansas, Connecticut, Florida, Illinois, Indiana, New York, New Hampshire, Nevada, Vermont, Virginia, Alabama, Missouri, Mississippi, Ohio, Iowa, Kansas, Minnesota, Rhode Island, Nebraska and Texas—in all twenty-nine States.

And further, that the States whose Legislatures have so ratified the said proposed amendment constitute three-fourths of the whole number of States in the United States.

And further, that it appears from an official document on file in this Department that the Legislature of the State of New York has since passed resolutions claiming to withdraw the said ratification of the said amendment, which had been made by the Legislature of that State, of which official notice had been filed in this Department.

And further, that it appears from an official document on file in this Department, that the Legislature of Georgia has, by resolution, ratified the said proposed amendment.

Now, therefore, be it known that I, Hamilton Fish, Secretary of State of the United States, by virtue and in pursuance of the second section of the act of Congress, approved the 29th day of April, in the year 1818, entitled "An act to provide for the publication of the laws of the United States, and for other purposes," do hereby certify that the amendment aforesaid has become valid to all intents and purposes as part of the Constitution of the United States.

In testimony whereof, I have hereunto set my hand and caused the seal of the Department of State to be affixed.

(SEAL.) Done at the City of Washington this thirtieth day of March, in the year of our Lord one thousand eight hundred and seventy, and of the independence of the United States the ninety-fourth.

(Signed) HAMILTON FISH.

TELEGRAPHIC.

Tuesday Evening Dispatches.

WASHINGTON.

WASHINGTON, April 5.—Judge Bradley, of the Supreme Court, leaves for New Orleans on the 1st of May for the purpose of trying such cases as may come before him.

The cables under North River have been destroyed and the following came via Pittsburg:

HARTFORD, April 4.—Half of the State gives English, Democrat, a gain of 469. Jewell's majority last year was 411. Hartford gives Jewell 2 859, English 3 907; the Democrats carry the municipal officers by 600 majority. The Democrats have 4 majority in the common Council.—English is, no doubt, elected. The Legislature will be Democratic though the Republicans still claim a majority in each House.

The House passed the bill transferring the property of the Freedmen's Bureau, to the Educational Bureau. The opponents of the bill claim that this perpetuates the educational features of the Freedmen's Bureau bill.

The Reconstruction Committee referred the case of Shober, member elect from North Carolina, to the Election Committee.

Senator Governor of Tennessee, is detained by ill health.

SENATE.—The Senate adopted the resolution passed by the House relative to the Oneida disaster; it goes to the President. It involves a thorough investigation.

VIRGINIA.

RICHMOND, April 5.—The city troubles will at last go to the United States Supreme Court, on a motion by Ellyson and others to dissolve the injunction, and will be heard on Thursday next in Washington by Chief Justice Chase in chambers. The motion is made, 1st. on want of jurisdiction; 2nd that there is no equity in the bill, and 3rd. that the facts show that the injunction was improvidently awarded. In the meantime, affairs will be peacefully conducted until the writ of ejectment against Mayor Ellyson, doubts about the legality of which caused General Canby to decline sending military aid to the Marshall, will be referred to Attorney General Hoar for his decision. The two Mayors will go on as usual holding Courts, with their police peacefully on the streets. The State Court has enjoined the city officials from paying or otherwise recognizing Mayor Cahoon, his police, or any of the old city government.

OHIO.

TOLEDO, April 5.—An incomplete return from the district indicates the election of Peck, Republican, to Congress; Republicans also elect the city tickes; colored men voted.

Tuesday Night Dispatches.

WASHINGTON.

WASHINGTON, April 5.—Revenue to-day $271,000.

Bailey's defalcation is about $200,000.

The report of the secretary of the Navy to the House regarding the Oneida disaster, concludes that the heads was steering the proper course but the bad seamanship of the officers of the Bombay caused the disaster, and that the latter exhibited a reckless disregard of human life and the common obligations of humanity.

SENATE.—Certain German citizens of Tennessee, petition for the reconstruction of the State. The Georgia bill was resumed; Sumner denounced Bingham's amendment as an engine of tyrannical power, and the doctrine of State's Rights as the great heresy with which reconstruction had to contend. He claimed that the only argument against the power o Congress to interfere was based upon the technicalities that Congress was a high Court of Equity with Georgia at the Bar.

Carpenter, in reply to Sumner, delivered a lengthy constitutional argument against the validity of the fundamental conditions of a State, urging that Georgia be either admitted without qualifications or kept out until the government could trust her.

Stone, in Committee of the Whole on the tariff bill fixed the rate on clarified sugar at 4½ cents per pound; refined sugar 4 cents; molasses remains as reported from the Committee. The duty on brandy and other distilled spirits is fixed at three dollars. The Committee then rose.

Butler introduced a resolution annexing San Domingo to the United States, Wood objected and the House adjourned.

The bill discontinuing the Freedman's Bureau and for other purposes, passed by the House today, repeals all laws prescribing duties of officers in the Bureau, so far as said duties have not yet been fully executed, and transfers all money and property hitherto entrusted to the Freedman's Bureau, to the account of the Bureau of Education, to be expended exclusively for educational purposes among Freedmen and Refugees having special reference to aiding the establishment and usefulness of Common Schools among them &c.

NEW YORK.

NEW YORK, April 5.—The McFarland jury is incomplete, only eight have been secured from the 350 summoned.

CONNECTICUT.

HARTFORD, April 5.—The 2d Senatorial district, count d last night as Republican, is Democratic by 97 majority and the 3d district is Democratic; this gives the majority to the Democrats in the Senate by one. It leaves the 16th district, which is close, should be Republican. This would give the Republicans one majority.

The House is Republican by a majority of from 6 to 10, as supposed.

English's majority will, from present appearances, be about 600.

[What does the Standard think of *that*?—*Editor*.]

FOREIGN.

LONDON, April 5.—The Queen signed the bill for the preservation of peace in Ireland.

PARIS, April 4.—The corps Legislatif had a stormy session; Jules Favre made a violent attack on the Senators Consultum which would add greatly to personal power. He said the power of declaring war or peace, should not be left to the Chief of the State, who, after a fortunate war could crush the legislative power.

The proposed alteration of the Constitution, he denounced as the *ultima ratio* of despotism; his speech caused a great uproar in the Chamber. Demands were made to set the question aside; this was decided by a vote of 151 to 4.—The corps proceeded with the discussion. Owing to the lateness of the hour the sitting adjourned. It is expected the debate will be resumed, and a result reached to-morrow.

SEC. 32. Every insurance company, not incorporated in this State, doing business therein, shall pay an annual tax of one per cent to the Treasurer of the State, upon the gross receipts derived from the premiums charged for insurance obtained therein, unless the company shall exhibit to the Governor, Auditor and Treasurer a sworn statement of investments in real property situated in this State, or loans secured by mortgage to citizens of the State of an amount equal to one-half of such gross receipts when the tax shall be one-half of one per cent. said tax to be paid quarterly, viz: on the first days of April, July, October and January in each year. On failure to comply with this provision of this section, every such company shall pay as tax two thousand dollars, and the principal agent shall be liable therefor. Every such company shall be required to appoint a general agent, who shall obtain a license from the State Treasurer before transacting any business therein, and before such license is granted, the applicant shall show to the Treasurer his appointment as general agent, under seal of the company, and thereupon the license shall be granted by the payment of one hundred dollars, and such license shall be renewed annually by the payment of said sum. The agent effecting the insurance shall, on the first days of April, July, October and January, make returns to the sheriff of the county in which the insurance is effected, of all the business done by him during the preceding quarter in said county, and shall pay to him the county tax assessed on such business The general agent shall also, on the first days of April, July, October and January, make returns to the sheriff of each county, of the amount of gross receipts for premiums received from each county for such quarter. It shall further be required of the general agent or his local agent, to pay to the sheriff of each county the county tax assessed upon the gross receipts of premiums collected in such county, at the time and in the manner as required by the State, and no municipal corporation shall be allowed to add any additional tax: *Provided*, That no county or corporation shall be allowed to tax insurance agents for license. On failure to make returns, or to pay as aforesaid, said agent shall pay twenty-five dollars for each penalty effected or necessitated by him in such county.

SEC. 33. Any person proposing to follow any taxed trade or profession may take out a license in advance of the time when he proposes to begin such trade or profession, or in advance of the expiration of a license already held by him. In such case the license shall be truly stated, and shall specify the time at which it shall begin to be of force, as well as the time when it shall expire, which shall always be on the first day of January, April, July and October.

SEC. 34. No license issued by the sheriff shall be valid until the same shall have been exhibited to and countersigned by the register of deeds of the county, who shall receive for the services imposed on him by this act in reference to license, a fee of ten cents from every person licensed.

SEC. 35. The Register of Deeds shall keep a book, in which he shall record the name of the person licensed, the trade or profession to be followed or the franchise to be enjoyed, the date at which it begins to run and the sum paid to the Sheriff and he shall, on the third Monday in January, April, July and October, send a certified copy of such record, for the quarter last preceding, to the Auditor of the state, who shall charge the Sheriff with the amount so appearing due. If any Register shall fail to perform the duty hereby imposed on him, he shall forfeit to the State a penalty of two hundred dollars, to be recovered of him and the sureties to his official bond, on motion in the Superior Court for the county of Wake, and on such motion a certified copy of his official bond and the certificate of the Auditor of State, setting forth his failure to make the required return, shall be *prima facie* evidence entitling the State to judgment in the absence of any sufficient defence.

SEC. 36. Every person who shall practice any trade or profession, or use any franchise taxed by the laws of North Carolina without first having paid the tax and obtained a license as herein required, shall be deemed guilty of a misdemeanor, and shall also forfeit and pay to the State a penalty not to exceed twenty dollars at the discretion of the Court, and in default of the payment of such fine, he may be imprisoned for not more than one month at the discretion of the Court, for every day on which he shall practice such trade or profession, or use such franchise, which penalty the Sheriff of the county in which it is incurred shall cause to be prosecuted for before any Justice of the Peace of the county.

SEC. 37. The Sheriff shall immediately report to the Register of Deeds, all sums recovered by him as penalties under this act, and the Register shall add three-fourths of each penalty recovered to the record of licenses required to be kept by him; the other fourth the Sheriff may retain.

SEC. 38. No license shall be granted to any person until the license tax due by such person shall be duly secured by bond as required in section thirteen of schedule "B."

WORDS OF WISDOM.

Promise made in the time of affliction require a better memory than people commonly possess.

If you are going to help a man, be about it; promised assistance after a while is considered a debt.

When you hear a man say, "Life is but a dream," tread on his corns and wake him up. Life is real.

Be deaf to the quarrelsome, blind to the scorner, and dumb to those who are mischeviously inquisitive.

Never speak boastingly of your business; keep your own counsel about the management of your affairs.

Be always sure of doing good—This will make your life comfortable, your death happy, and your account glorious.

Write your name in kindness, love and mercy, on the hearts of those you come in contact with, and you will never be forgotten.

The love of money increases as fast as our wealth, and he who has none wishes for it the least.

When Friendship is to be valued—value the friendship of him who stands by you in the storm; swarms of insects will surround you in the sunshine.

If we scrutinize the living of men of genius, we shall find that activity and persistence are their leading peculiarities. Obstacles cannot intimidate, nor labor weary, nor drudgery disgust them.

Do not Insure Your Life

UNTIL YOU ASCERTAIN FROM

P. F. PESCUD,

General Agent for North Carolina,

WHY THE

National Life Insurance Company,

OF THE

UNITED STATES OF AMERICA

can, and does issue a larger Policy for less money than any other Company represented in North Carolina.

The National was organized in August 1868. She has issued nearly

10,000 POLICIES,

HAS A CASH CAPITAL OF

$1,000,000,

which was all paid in before a Policy was issued and which has already increased fifty per cent. All the losses reported to 1st January inst. amounted to but $40 000 and as a further evidence of the great care observed in the selection of risks, 934 applications amounting to nearly $3 000,000 were rejected last year. Therefore a solid basis and increments that none but stock companies can afford, is enjoyed by all who prefer the National to Mutual or mixed Companies.

ALL LIABILITY FOR LOSSES IS AVOIDED.

Every man who has a family, should try to create an Estate for their support, when he is taken from them by death and a very small annuity spent for a Policy secures a larger amount of Cash Assets, and is far more certain, than the same amount will secure in any other investment, and a more tender expression of love and responsibility could not in any other way be more beautifully expressed.

DR. E. BURKE HAYWOOD, Examining Physician.

Gen'l. S. B. BUCKNER, Manager Southern Dep't.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."

DE SOTO MUTUAL LIFE INSURANCE COMPANY,

OF ST. LOUIS, MISSOURI.

JAMES P. LUCAS, President.

CAPITAL STOCK, (PAID UP,) $150,000.00!

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

Pianos for Sale! Pianos for Sale.

MR. WILLIAM H. VAUGHAN, WELL known in our community as a Musician and Piano Tuner, is now appointed Agent for those splendid, Seven Octave, fine Rose Wood Pianos, built by C. M. Tremaine & Bro. These Pianos will be warranted for six years and Mr. Vaughan is here ready to keep the instrument in perfect tune, if it should need it. He has at this time one of the Pianos at his residence, on Cabarrus Street, a little East of the N. C. R. R. Depot and would be glad to show it to any one who will call to see it.

These instruments took the premium at the Virginia State Fair, and without doubt are the best and cheapest instruments in the North or South.

Old Pianos taken in exchange for new ones, at a fair price. As I am confident that I can sell cheaper than any body else, I beg of my own people in the State to give me a call before purchasing elsewhere.

Piano tuning and Repairing done at shortest notice. Can make an old Piano as good almost as new, for a very low sum.

Address,
W. H. VAUGHAN,
mar 9-tf Box 230 Raleigh.

IT WILL BE REMEMBERED THAT THE Messrs. Tremaine Bro's took the first premium at the Virginia State Fair on their celebrated Pianos. These gentlemen fully understand their business, being thorough musicians themselves. Call at the store of E. VIA, 26, Fayetteville Street and examine one of the finest they have ever made.
